CALL NUMBER: MS 640

CREATOR: Dodge, Barnett F. (Barnett Fred), 1895-

TITLE: Barnett Fred Dodge papers

DATES: 1930-1972

PHYSICAL DESCRIPTION: 104 linear feet (110 boxes)

LANGUAGE: English

SUMMARY: Correspondence, research files, teaching materials, and writings relating to Barnett F. Dodge's (1895-1972) position as chairman of the Department of Chemical Engineering, Yale University, 1931-1963, his participation in professional organizations and his activities as consultant to governments and corporations on technical problems. Among the teaching materials are lectures, problems, examinations, and reports of students. Included also are offprints of papers by Dodge published between 1922 and 1964, speeches, a biography and a small amount of personal papers.

ONLINE FINDING AID: To cite or bookmark this finding aid, please use the following link: <https://hdl.handle.net/10079/fa/mssa.ms.0640>

Requesting Instructions

To request items from this collection for use in the Manuscripts and Archives reading room, please use the request links in the HTML version of this finding aid, available at <https://hdl.handle.net/10079/fa/mssa.ms.0640>.

To order reproductions from this collection, please go to http://www.library.yale.edu/mssa/ifr_copy_order.html. The information you will need to submit an order includes: the collection call number, collection title, series or accession number, box number, and folder number or name.

Key to the container abbreviations used in the PDF finding aid:

b. box

Administrative Information

Immediate Source of Acquisition

Gift of Mrs. Barnett F. Dodge, 1972.

Conditions Governing Access

The materials are open for research.

Conditions Governing Use

Copyright status for collection materials is unknown. Transmission or reproduction of materials protected by U.S. Copyright Law (Title 17, U.S.C.) beyond that allowed by fair use requires the written permission of the copyright owners. Works not in the public domain cannot be commercially exploited without permission of the copyright owners. Responsibility for any use rests exclusively with the user.

Preferred Citation

Barnett Fred Dodge Papers (MS 640). Manuscripts and Archives, Yale University Library.

Scope and Contents

Correspondence, research files, teaching materials, and writings relating to Barnett F. Dodge's (1895-1972) position as chairman of the Department of Chemical Engineering, Yale University, 1931-1963, his participation in professional organizations and his activities as consultant to governments and corporations on technical problems. Among the teaching materials are lectures, problems, examinations, and reports of students. Included also are offprints of papers by Dodge published between 1922 and 1964, speeches, a biography and a small amount of personal papers.
